NEW BUSINESS

Murray Road sewer extension proposed by Patrick Fisher discussed. Per Steve Nims, Patrick would like to extend sewer approximately 1,000 feet to the house he owns (Hamm House) and to 2 lots next to it. Board approved extension as explained by Steve. Patrick Fisher arrived at 6:06 pm after discussion, provided a plan to Dave Berger and was told the extension had been approved.

Val updated board regarding zoning change for water/sewer areas. She said the Planning Board was all set and she would follow up by attending meeting scheduled for Thursday, 8/16 and then with Heather Budrewicz.

OLD BUSINESS

Heather Budrewicz did not attend meeting so there were no updates for Water/Sewer shut offs, Gardner MOU and Water/Sewer FY19 budget.

Steve informed the board that he would be attending a conference call with USDA, Winchendon and Tighe and Bond on 8/15 regarding the Sherbert Road water line grant. Board discussed with Steve to see if Winchendon could fix Depot Road & Sherbert Road in the mean time. Dave Berger would like to be on record that he is opposed to use water funds to pave Sherbert Road.

Leo Collette reviewed Water & Sewer statistics noting cost summary, filtration station summary, lake level history, usage is slightly down for Ashburnham and up slightly for Winchendon. Sewer flow to Gardner has not changed much and has never approached the maximum flow allowed.
